ROAD AGENT'S REPORT

MAINTENANCE

The usual work of maintenance has been done on town roads, including grading and new gravel in many parts of the town. During 1953 the total amount of gravel placed on town roads was 5,682 cubic yards.

One new bridge was constructed at the old Derby mills on Road 96, to replace the old one which had been in use many years, and had become unsafe. Three new 4 foot cement pipes, each 24 feet long, were installed to replace three old metal culvert pipes of the same diameter.

The cost of this work was as follows:

72 feet of 4 foot culvert pipe	\$793 80
Bulldozer and labor	537 30
	<hr/>
Total cost	\$1,331 10

In addition to this, twenty-two new cement culverts were installed to replace old ones which had become un-serviceable, at the following locations:

- 3 on old State Line road
- 4 on east lake road
- 10 on the west lake road
- 1 on the road past the Hanninen place
- 1 on the road to Dr. Jones' house
- 2 on the upper Troy road
- 1 on the road to the Eckberg house

OILING TOWN ROADS

One mile was treated with grits and asphalt to make a heavy asphalt and stone top.

About one and one-half miles was treated with a seal coat of asphalt.

About one mile of new black top road was added to the total in use last year and two heavy coats of asphalt was applied to this.

One hill was covered with a three inch mat of cold patch black top mix to keep it from washing out.

In addition to the above we mixed and used 160 cubic yards of cold patch in various places on roads, ditches and turn-outs.

FIRE WARDS REPORT

Year 1953

Again we are proud to say that we were very fortunate in not having too many serious fires in 1953. Let us continue these good records in 1954. We ask the public to be very cautious and help prevent any fires. Won't you?

We feel that our town is well protected with fire fighting equipment, consisting of three town fire trucks all equipped with pumps, booster tanks, hose and ladders. Also three portable pumps and accessories. We also have, to the credit and more protection for the Town of Fitzwilliam, The Meadowood Fire Company of Bowkerville, N. H., sponsored by Major Holbrook. This company consists of a beautiful fire truck, fully equipped with all necessary fire fighting apparatus. This company is ready, day or night, to assist the two regular companies. Thanks to Major Holbrook for his kindheartedness and great interest in the Town of Fitzwilliam.

We, the Fire Wards, wish to thank the officers and members of these companies for their prompt and efficient service.

WINSLOW FUND ACCOUNT

Extract from will of Eliza C. Winslow dated Nov. 21, 1907, who died June 16, 1913. On March 13, 1916 a trust fund of \$300 was accepted by the Trustees of Trust Funds to be held by them and used by the Library Trustees in accordance with the provisions of the will as quoted below.

"I give, bequeath and devise to the Fitzwilliam Town Library of said Fitzwilliam, the equity of the Whitney house and lot, (so called), where I now live, situated in the center village of said Fitzwilliam, the same being now subject to a mortgage of \$750. Also all my household furniture, beds and bedding, carpets and all other personal property belonging to me, contained in said house not hereinbefore specifically bequeathed. The supervisors of said Fitzwilliam Town Library, annually chosen, to have the care, control and disposition of the property, both real and personal, hereby bequeathed and devised to said Library."

"Provided in case my estate and property shall not be sufficient to pay all the legacies in full hereinbefore bequeathed, the real and personal property hereby bequeathed to the said Fitzwilliam Town Library shall not be prorated, diminished or lessened in any manner whatever. This bequest to the said Library shall be absolute, and the proceeds derived therefrom shall be kept, and applied by the supervisors of said Library, towards the erection at some future time of a substantial and suitable building as

a home for said Town Library. This bequest is in conformity to the desires of my late husband, Horatio F. Winslow.”

The present library trustees requested from the Trustees of Trust Funds the amount of the principal and accumulated interest of this Winslow Fund, and have used it to provide a much-needed toilet room, together with automatic pump, septic tank, piping and other necessary fixtures.

Before doing this, the opinion of the town legal counsel was secured, and he advised that under the terms of the will, the entire fund and accumulated interest could be used for capital improvements to the library buildings.

REPORT OF THE LIBRARIAN

The selection of a book to be purchased for the Library has become a study of all works published in an attempt to acquire for our shelves those works which may be termed as good. The budget is limited, allowing only a set number of books a month.

The quality of non-fiction has been above that of fiction—There are very few fiction books published which are really excellent. Fiction in general is poor. Through the Ada R. Esdaile Fund, we have purchased many biographies, essays, and poetry.

We have followed the critics with the Atlantic Monthly. The Saturday Review of Literature, New York Herald Tribune, and the New York Times.

SCHOOL BOARD

Elinor S. Stone Willard M. Blodgett Ernest L. Bell, Jr.

The Fiftieth Anniversary is omitted this year because it seems there was no graduation for the year 1903, however it will be possible to hold the anniversary for 1904 at the next graduation.

REPORT OF SUPERINTENDENT OF SCHOOLS

The interest and aggressiveness of the Fitzwilliam Parent-Teachers Association for the improvement of local education has proven effective this year in restoring the benefits of the federal-state lunch program to the school pupils of Fitzwilliam; after two years of heavy financial loss to local taxpayers. A continued policy of aggressive interest may in time prove equally effective for the establishment of a consistent policy of building repair and maintenance as well as various aspects of school management-financial and otherwise.

The education of our local pupils is in the hands of capable and experienced teachers and under the general administrative guidance of a hard-working and capable principal.

REPORT OF THE PRINCIPAL

Submitted is my first report as your school principal.

CURRICULUM

The heart of any school program is in the curriculum that is presented to the children by the school. The curriculum at the Emerson school is good. We have placed much emphasis on the 3R's this year. In most instances we have followed the recommended program of studies as recommended by the State Department of Education. Audio-visual aids have enriched our educational program to a great extent.

TEACHERS

Our school has a capable staff of well qualified teachers. The primary teachers are excellent and present the children with a good educational foundation for the upper grade teachers. Mr. Paul Tucker is performing capably in his position as 6-7 grade teacher. Mrs. Fletcher and Mr. Littlefield instruct the upper grade boys and girls in Home Economics and Shop.

CUSTODIAN

Mr. Wilkins has been doing a good service as our building custodian.

LUNCH PROGRAM

On December 1, 1952, our lunch program went under the state-federal program. As a result of this we have re-

ceived much in the line of foodstuffs and ideas in school lunch management. We are serving lunches to about 85% of our student body. This compares with 40% on the national average.

SPORTS

Your principal is striving to form a sports league for our Junior High teams. Chesterfield, Marlboro, Swanzy, and Fitzwilliam will operate in the league. We will experiment with it for a year and then decide whether to form a regular league or not.

RECOMMENDATIONS

At this time I would like to recommend the following for our school.

1. Increased Home Economics & Manual Training.
2. Adequate lighting in the Shop.
3. Adequate toilet facilities, (additional equipment).
4. Interior painting.

I wish to thank the P.T.A., teachers superintendent, cooks, custodian for their cooperation in making our school one in which I am proud to serve as your administrator.

Eighteen pre-school children responded to an invitation to visit the Dr. Geo. S. Emerson School in May, 1953, accompanied by a parent. Dr. Emerson was in attendance to give a physical examination to each, and to vaccinate any that had not been previously done. The nurse gave vision and hearing tests. After completion of the examination, the children visited the first grade for the remainder of the day, and had hot lunch with the 1st Grade as hosts and hostesses. By so doing, the children became acquainted with Miss Knapton, one another and had a general idea of their new life beginning in September. These same children were invited to spend another day in 1st Grade before the end of the school year.
